

Master Agreement & Permissions Procedure

Mountain biking/cycling events

This Master Agreement explains the standard procedure to be followed by all cycle event organisers seeking to obtain permission to hold cycle events on FES land.

[Forest Enterprise Scotland \(FES\)](#) is the government agency responsible for the management of 665,000 hectares of state-owned forests and woodlands in Scotland in line with standards set out in the UK Forestry Standard.

FES is in partnership with [Scottish Cycling \(SC\)](#), the national governing body for cycle sport in Scotland, to coordinate the procedure for holding cycling events on FES land.

Event organisers, along with all other forest users, must comply with the [Scottish Outdoor Access Code](#) at all times.

1. When is permission required?

According to the SNH publication '[Outdoor Events in Scotland: guidance for organisers and land managers](#)', permission is likely to be required for events where any of the following criteria apply:

1. The event would need new or temporary facilities and services.
2. The event is likely to unreasonably hinder land management operations;
3. The event is likely to unreasonably interfere with the other people's enjoyment;
4. The event is likely to unreasonably affect the environment.

[The guidance](#) recommends liaison with the land owner (in this case, Forest Enterprise Scotland), even when permission is unlikely to be required.

2. Operating under SOAC means 'Leave the land as you find it'. In practice, this also means taking the forest as you find it.

Some people, organising smaller or less formal cycle events and club outings, aim to operate in accordance with the [Scottish Outdoor Access Code](#), acting responsibly (which includes obeying any onsite signage, diversions or staff), but without seeking permission from FES.

This is possible, when the organiser is confident that the above criteria do not apply and accepts that there is **no guarantee that the chosen location will be available for use on any particular day or time**. They will have access to the same information,

through the same channels (e.g. web or telephone), as any other visitor to the forest – no more, no less.

If wishing to use a particular location on a particular date (whether or not your event meets any of the criteria in paragraph 1), or by entering into any discussion or formal agreement with FES, organisers are no longer operating under SOAC and become part of the permissions process with its associated benefits (e.g. inclusion in the district calendar) and charges.

This guidance, and the support provided by FES as part of the permissions process, aims to ensure a safe and successful event.

2. Disciplines

This Master Agreement covers a range of different cycling disciplines including Downhill, Cross-Country, 4-Cross and Enduro.

3. The Application Procedure

The application ([Schedule 1](#)) must be completed and submitted to the Forest District (FD) where the event is to take place (see [Schedule 2](#) for FES contact information).

3.1 Event types & time limits

If an event organiser hopes to hold an event at a specific location on a specific date, it is sensible to approach FES as early as possible, to avoid possible clashes with other events or land management activity.

There are certain minimum time-limits which require to be adhered to in the application process, to allow a responsible and effective approach to planning, by both the event organiser and FES. These time-limits vary depending on the nature and size of the cycle event, as per the following table:

Event Type	Definition of Event Type	Minimum time limit for application
International, British & Scottish National	Competitions or larger participation events or part of an international, British and/or Scottish national series.	20 Weeks prior to proposed event date
Regional Events	Competitions or larger participation events, primarily involving riders from one region.	16 Weeks prior to proposed event date
Local events	Competitions or participation events, involving one/two clubs together	16 Weeks prior to proposed event date
Small events	Events of fewer than 50 participants, where any of the criteria in paragraph 1 apply.	12 weeks prior to proposed event date.
Small events, Social or Training Sessions	Informal club/group outings or smaller competitions with under 50 participants, normally organised by a local group, where the group will exercise responsible access under SOAC (i.e. where none of the criteria in paragraph 1 apply)	As part of taking responsible access, the organiser should check if there are any other events or forestry operations which may conflict with their plans. The organiser does not have to inform

		the FD of their plans – see para. 1.1.
--	--	--

FES will retain a degree of discretion to accept applications outwith these timescales in exceptional circumstances. However, an additional charge of £1000 + VAT may be charged to the Event Organiser in such cases. It is therefore strongly recommended that contact is made with the relevant FD to check date and location availability prior to commencing the application process.

3.2 Application process timeline

The table below details the typical application and general procedure for a national event (minimum 20 weeks' notice). This should be adapted for regional/small events.

Minimum number of weeks before event	Action
20 weeks pre event	Application made by submitting form in Schedule 1
19 to 16 weeks pre event	FES recreation staff consults FD diary, other district staff, contractors & interested bodies for potential conflicts (see paragraph 10). Provided no conflict discovered (or after potential conflict resolved), provisional date is logged in district diary and organiser informed.
16 weeks pre event	Pre-event site visit to take place with Event Organiser and FES. Discussion to include the following topics and any paperwork required: Camping provisions; Evacuation Procedure; Events village/trade pitches, including licensing and plan; Health & Safety; Insurance Requirements; Intended routes including start and finish points; Marshalling points and communications; Medical provisions; Overall Event Management Plan; Promotions and notification; Route Branding Sites; Reinstatement Schedule (heavily/less heavily used areas); Section 11 Closure Orders (para. 5.8); Special facilities involving FES work (para. 10.2); Signage, marking, diversions ; Spectator Management; Traffic/car parking management; Vehicle uplift and/or access requirements Waste management, including toilet requirements.
9 weeks pre event	Event Organiser submits all paperwork for elements discussed and agreed during site visit, plus: Risk assessments
8 weeks pre event	FES responds with any queries on plans and paperwork

7 weeks pre event	Event organiser responds to FES queries
6 weeks pre event	<p>FES provides two copies of a permission to the Event Organiser for his/her signature, a minimum of 6 weeks prior to the event, along with an invoice for the permit fee. Once signed, no alterations can be made, unless formally agreed and signed-off by both parties.</p> <p>The Event Organiser is required to sign the permission and return one copy along with the permit fee to the FES. When this is received the event date will be finalised. Cancellation charges of £100 will apply from this point onwards (para. 10.4).</p> <p>The Event Organiser and FES activate any agreed joint marketing/promotion of the event.</p>
0 – 2 weeks pre event	Course marking and event village set up takes place by Event Organiser and any other additional facilities set up on site, as agreed with FD and subject to course availability.
Week of event	Event takes place. Event Organiser reports any serious incidents/accidents to a Forest District representative as soon as possible (Schedule 3). The FD telephone & email details are listed in Schedule 2.
Week 1 post event	<p>Event Organiser dismantles event village and restores all areas to pre-event condition in accordance with timescale agreed at pre-event site visit.</p> <p>Where FES has constructed any temporary trail construction for an event, this will be removed by the Event Organiser.</p> <p>Event Organiser to send FES reports on any accidents/incidents requiring on – or off-site medical attention (para. 4.1).</p> <p>Event Organiser to send record of final participant numbers to FES with 2 working days of event conclusion (Para. 10).</p>
Week 2 post event	<p>Post-event site inspection between Event Organiser and FES</p> <p>Event Organiser and FES to set date for event de-brief, if desired</p> <p>If major issues have occurred during the event or event process evidence-based reports should be sent as follows:</p> <p style="padding-left: 40px;">Event organiser to National Events Officer at SC</p> <p style="padding-left: 40px;">FD CVS Manager to Business & Visitor Development Manager.</p>
Week 8 post event	Event Organiser settles invoice within 49 days of being invoiced.

4 Event Health and Safety

All events will be subject to the health and safety procedures laid out in the Scottish Cycling Event Organisers handbook – a digital version can be found, along with other examples of good practice, on the [Scottish Cycling website](#) and hard copies are available from Scottish Cycling. Failure to follow these procedures will lead to the cancelling of events and future permissions being refused by FES.

As detailed above, risk assessments for each event must be carried out and submitted with each application. An example of a Scottish Cycling Risk Assessment can be found [here](#). Organisers must also adhere to the [British Cycling technical regulations](#).

All Event Organisers must also conform to the requirements set out in the Land Reform (Scotland) Act 2003 and the Scottish Outdoor Access Code. See www.outdooraccess-scotland.com and [Outdoor Events in Scotland Guidance](#) for further information.

Event Organisers should also refer to the Health & Safety Executive's [Event Safety webpages](#), '[Purple Guide](#)' and [the Health & Safety at Work Act](#).

Participants should be made aware of the [risk of tick-borne diseases and how to deal with ticks](#).

4.1 Recording Accidents and Incidents

Event Organisers are required to have in place a formal mechanism for recording event accidents and incidents. If a serious accident/incident takes place during the event the Organiser must immediately notify the Forest District Duty officer (or nominated representative).

All incidents should be reported to the Forest District within 7 days of the end of any event: organisers may use the [British Cycling incident report form](#) or the FES form, which is attached in schedule 3 (details can be input directly into the PDF).

4.2 Insurance Requirements

Effective management and organisation should be carried out with the aim that each event is safe and successful.

However, the Permit Holder will also maintain an insurance policy for the pre and post event set up and take down activity as well as the actual event itself, with a reputable insurance company to an amount of not less than £10 million in respect of any one claim. The amount of such insurance shall not limit the liability of the Permit Holder to the Commission. The Permit Holder will produce the insurance certificate on the signing of this Permission.

While FES requires proof of this insurance, which is usually a copy of the Scottish Cycling permit, we remind clubs and organisers that insurance cannot replace a sensible and responsible approach to event management.

5. Event Management

The event should run in accordance with the process provided for in para. 3.2 above (subject to the timescale modifications for each type of event). The following paragraphs outline further conditions which apply to all events.

5.1 Promotion

The Event Organiser will recognise FES' role in hosting the event in any promotional material, websites and news releases e.g. display of FES banners/flags on the event course, FES logo in event promotional material. Similarly, FES will also endeavour to promote the Event through any FES promotional material and press if desired by the Event Organiser. This joint promotion should be agreed and managed between the Event Organiser and the Forest District liaison officer.

5.2 Waste and Minimising Damage

For environmental and site sustainability purposes, event organisers are required to and will be responsible for managing all aspects of waste (water, litter, human etc) in relation to their events. Further information and guidance on this aspect is detailed in the Forestry Commission Operational Guidance Booklet (OGB) 35, copies of which are available from Forest District offices.

Further, if it is intended to fix notices or markers to trees on no account shall nails, staples, wire or anything liable to damage trees be used. The recommended method is to tie with string (not nylon or similar fibre) in such a way that tree damage is avoided.

Participants must be encouraged to ensure their shoes (plus paws and tyres) are clean, to help protect our forests from tree pests and diseases. [Keep It Clean.](#)

5.2.1 Toilet provision

In discussion with the Forest District, the organising club will assess the requirement for temporary toilet provision. This may apply even where there are existing FES toilet facilities, if the event's use of these facilities would cause disruption to other visitors to the forest.

Where the event organiser wishes to use existing toilet facilities run by a private tenant business (e.g. at an FES visitor centre), they must negotiate use of these facilities with the business in advance. The Forest District will provide contact details for the business, when required.

At sites where there are no toilet facilities nearby, FES' experience has shown a requirement for portable toilets on site for events with over 75 participants or lasting more than 3 hours.

5.3 Marshalling

Organisers must ensure that events have adequate marshalling cover and this should be notified to the Forest District in advance, showing mapped marshal locations and how marshals will communicate with base and other marshals. The number of event marshals required will vary depending on the type of event, length and layout of the course and should be agreed between the Event Organiser and the Forest District at the pre-event inspection, in reference to the British Cycling [rulebook](#) and [quick guide](#).

5.4 Vehicle access

If motorised vehicles are required pre, post or during the event, a vehicle access permit must be obtained. Under this Master Agreement, one vehicle access permit will cover up to 13 vehicles, under the following categories:

Purpose	Number of Vehicles	Charge per vehicle
Official Ambulance	2 vehicles	Exempt
Safety/Operational Vehicles	Up to 8 vehicles (only 1 quad bike)	Exempt
Other Event Vehicle(s)	1 vehicle each for timing, commissaire use and miscellaneous	Exempt
Other Event Vehicle(s)	Proportionate to event size	£50 per vehicle

A sample vehicle access permit, including terms and conditions, is available from the Forest District.

5.4.1 Use of quad bikes

If the event organiser wishes to use quadbikes/ATVs, where no other vehicle is appropriate, the FD has specific requirements for permitting their safe use. FES also recognises the [Forest Industry Safety Accord guide](#) as a minimum standard for work on the national forest estate.

5.5 Other Land users

If FES' tenants or any other persons having an interest in the land are likely to be affected by an event or its use as a training area or their permission/notification is required, then arrangements to notify these persons or obtain their permission shall be made between the Organiser and FES. FES shall give the Organiser the names and addresses of those persons likely to be affected, where possible.

FES will endeavour to arrange for temporary cessation of planned operations by contract holders (and any subcontractors) on FES land affected by an Event for the duration of the Event. If agreement cannot be reached with a contractor, FES may require the Event to be re-routed or cancelled. FES shall not restrict normal public access over areas (unless covered by a Section 11 closure order as described in paragraph 5.8) where an event has been agreed.

Other forest users' access to event areas must be managed as agreed in advance with FES, including signage, local advertising and other agreed notification.

5.6 Car parking

At locations where car parking charges are in operation, these apply as usual, for event organisers, participants and spectators. The event organiser is expected to encourage payment at any onsite meters.

If an Event Organiser wants/requires the exclusive use of a car parking facility where charges are usually levied, this will be agreed in advance and calculated on the basis that the car park was operating at full capacity.

5.7 Sales Points

Sales outlets selling e.g. confectionery, drinks or snacks will be allowed at events, subject to agreement between the Organiser and FES as to the number and siting of outlets. FES retains discretion to make reasonable charges for issuing a sales concession permission, if any existing tenant business is not the chosen provider; any sum due will be negotiated between the Event Organiser and the Forest District Manager. Sales points are charged individually depending on size of event, size of outlet and potential revenue for outlet.

5.8 Closure Orders

Event Organisers may need to seek a closure order from a Local Authority for an event on the grounds of public safety or charging for entry in order to temporarily exempt a specific area from access rights. Section 11 of the Land Reform (Scotland) Act 2003 (Power to exempt particular land from access rights), provides a mechanism for local

authorities, whether on application from third parties or at their own initiative, to exempt a particular area of land from access rights for a particular purpose.

The requirements for an event to need a 'Section 11' will be discussed at the pre-event site visit. Organisers should make this assessment in discussion with FES.

It may be appropriate for FES to formally request that organisers apply for a Section 11 order. If this is the case, reasons will be given in writing by FES within 2 weeks of the site visit, to explain why the existing event management plan cannot be covered by the Land Reform Act and good practice detailed in SNH's [Outdoor events in Scotland: guidance for organisers and land managers](#). This should be sent to the event organiser, FES [Business & Visitor Development Manager](#) and Scottish Cycling's [National Events Officer](#).

If it is agreed that a closure order is required, the event organiser should contact the Local Authority access officer in the first instance. Contact details for Local Authority and National Park access officers can be found at www.outdooraccess-scotland.com/help-and-information/contact-la-officer.

Further information on Section 11 orders is available at the Scottish Government's website - <http://www.scotland.gov.uk/Publications/2013/06/6291/7>

6. Post Event Requirements

The Organiser shall be responsible and liable for ensuring that all areas used for the event, including trails, car parking areas, toilets, areas of the forest used for trade stands, camping, catering, competitor changing and additional toilet facilities are left in the same condition as at the pre-event site inspection. If such areas are not left in the same condition within a timescale agreed with the forest district, FES reserves the right to undertake reasonably required reinstatement or repair work and charge any incurred costs to the Organiser.

7. Area Restrictions

It may be necessary to apply reasonable restrictions to cycling in forests or over parts of such forests at certain times in order to protect forest operations or environmental interests. FES shall use its best endeavours to notify the Organiser of any restrictions at the time of application for permission for a cycling event.

8. Refusing/Revoking Applications

FES retains the option to refuse an application/approach for an event if it is deemed inappropriate or presents an unacceptable business risk involving financial and reputational liabilities which cannot be accommodated. Some examples include: clashes with other events, unavoidable forest operations, environmental conflicts e.g. using a high proportion of undeveloped land for an event route, or events which undermine FES' brand values and identity etc. FES reserves the right to revoke permission for an event at any time by notice given to the Organiser of the event in writing. This right will only be used exceptionally and where possible, reasonable notice and a suitable alternative area will be provided.

In such circumstances the FD will issue an evidence-based report giving clear and reasonable reasons why the event will not go ahead, sending it to the SC National Events Officer, event organiser and FES Business & Visitor Development Manager.

9. Arbitration

In the event that agreement cannot be reached between FES and an Organiser over any matter relating to this Agreement, an Event Organiser, SC or FES may request that the National Representatives meet with all parties to consider the matter.

10. Charging

Reasonable charges will be made by FES for partial cost recovery of the administration, time and services provided by FES before, during and after the event, as part of FES' aim to ensure events go as safely and smoothly as possible. These charges cover services such as internal and external consultations to identify and minimise any potential areas of conflict; time and support from one or more designated Forest District staff, including attendance at site inspections before and/or during and/or after the event.

Cycling & mountain biking events (all organisers)						
Scale of event		2018	2019	2020	2021	2022
International/British national (includes UCI registered events)	Events charge	£70	£75	£80	£85	£90
	Supplement per adult participant (18 yrs +) per day.	£2.50	£2.65	£2.80	£3.00	£3.20
	practice day (fixed rate)	£50.00	£55.00	£60.00	£65.00	£70.00
Scottish national	Events charge	£70	£75	£80	£85	£90
	Supplement per adult participant (18 yrs +)	£2.00	£2.10	£2.25	£2.40	£2.55
	practice day (fixed rate)	£30.00	£32.00	£34.00	£36.00	£38.00
Regional/local	Events charge	£70	£75	£80	£85	£90
	Supplement per adult participant (18 yrs +)	£1.50	£1.60	£1.70	£1.80	£1.90
	practice day (fixed rate)	£30.00	£32.00	£34.00	£36.00	£38.00
Small non-SOAC (fewer than 50 participants)	Events charge	£70	£75	£80	£85	£90
	Supplement per adult participant (18 yrs +)	£0.75	£0.80	£0.85	£0.90	£0.95

10.1 Discounts

- Up to 10 events, taking place in the same financial year (1st April to 31st March) can be booked **at the same time by the same event organiser**, across different Forest Districts, with the events charge discounted by 20% until December 2022. This discount reflects the reduced level of FES administration. To book multiple permissions, email all relevant Forest Districts with your planned schedule, copied to the [Business & Visitor Development Manager](#).
- Where only part of an event course is on FES land, a pro-rata reduction of the scheduled charges will be made. For example if 80% of the entire course is on FES land, then the organiser will be charged 80% of the fee. The FES District representative should be supplied with course/route maps when applying for event permission in order to agree the correct proportion.

10.2 Fees for additional services

Reasonable charges will be made by FES for the granting of any special facilities that involve FES in extra expense. These charges will be discussed at the pre-event site visit and agreed in advance between the Event Organiser and the local Forest District Manager. Examples may include extra facilities such as marshalling for cars attending the event, siting of toilet/catering facilities (paragraph 5.2 and 5.2.1), temporary trail construction for an event, the provision of camping facilities, in-forest parking or the use of forest buildings for changing or other purposes.

10.4 Cancellation Charges

Cancellation by the Organiser: FES may charge a £100 fee if less than 6 weeks notice (national events), 4 weeks' notice (regional events) and 2 weeks' notice (small events) is given and an alternative date is not agreed.

Cancellation by FES: no permissions charge shall be paid by the Organiser unless cancellation has been due to failure by the Organiser to meet documentation submission timelines, resulting in FES potentially missing event revenue from another booking.

10.5 Validity of charges

The above charges are valid to end December 2022. Charges are reviewed every three years (or at any time with two months' notice by either FES or SC).

All FES charges will be subject to VAT at the level in force when an event permission is agreed. At time of writing, events on purpose-built mountain bike trails are subject to standard VAT rate (20%).

11. Invoice Settlement

Invoices should be settled within 49 days (7 weeks) of the date of issue.

Schedule 1: APPLICATION TO HOLD A CYCLING EVENT

Name of applicant: (Mr/Mrs/Ms/Dr/Other)
Name of Club or Event Organiser:
Scottish/British Cycling URN reference (if applicable):
Address of applicant: (Please include postcode) Telephone: Email: Website:
Date(s) of Event:
Title of Event:
Event Type (see para. 3.1:):
Number of vehicles requiring access for event (see para. 5.4 & vehicle access permit):
Estimated participant numbers:
Actual participant numbers (supplied post event):
Proposed entrance fee:
Location of Event: (Please attach OS map)
Time of Event:

I apply for permission to organise the above event, and confirm that I have read and understood this Master Agreement. I agree to be bound by the conditions set out in this revised Master Agreement between Forest Enterprise Scotland and Scottish Cycling, which apply from **1 January 2018 to 31 December 2022**.

FIRST AID COVER
AND EMERGENCY
PLANNING
ARRANGMENTS

including first aid arrangements for the practice days

NO FIRST AID COVER FOR PRACTICE DAY - NO PRACTICE DAY

Where the applicant has requested the right to use trails which are :-

- a. not on the current formal network &/or
- b. new for this event &/or
- c. existing trails, not used in the direction for which they were designed

the applicant will required to name a suitably qualified course designer who will take on the designer role. This requires them to take responsibility for declaring the trails appropriately designed and safe for the use intended.

A course designer is an organisation or individual who is involved in preparing or modifying designs for the trail , or arranging for, or instructing, others to do this. Designs include drawings, design details, specifications, bills of quantity and design calculations. Adaptation / modification of an existing trail or, vegetation management, deciding where to put safety padding on a route all count as designer duties. A designer's decisions can affect the health and safety of all those involved in constructing a trail and those who use, maintain, refurbish and eventually demolish it.

COURSE DESIGNER
NAME AND
CONTACT DETAILS

COMPETENCIES/
RELEVANT
QUALIFICATIONS

Course designer's relevant competencies – required where any non network trails are to be used or any existing trails modified or ridden direction reversed for the event. Course designers will be liable under Civil law for the design of the course, including event competitors safety. A course designer must be able to demonstrate they have the health and safety skills, knowledge and experience.

FCS STAFF
COMMENTS ON
TRAIL LOCATIONS

EXISTING EVENT
TRAILS TO BE
USED (comments
and observations)

FD should only consider locations where there are known old/historical event trails or a recent, previous permission has already been granted on the trail. No new "wild trails" will be approved for events.

FD should agree internally Forests or sections of Forests where, if permitted, Enduro Trail mountain bike events can take place. Possible locations could be in forests that do not contain visitor centres or any formal way marked trails. Soils, drainage and tree stability is an important factors in considering suitable areas, the type of ridden-in event trails they are wanting to construct and use require reasonable ground conditions / well drained soils to be sustainable.

Time line Pre event
(Use as a checklist)

20 weeks before event (national Events) 16 weeks (Local Events) ,- Application made by submitting form in Schedule 1
19 to 16 weeks pre event,- FCS recreation staff consults FD diary, other district staff, contractors & interested bodies for potential conflicts (see paragraph 10).Provided no conflict discovered (or after potential conflict resolved), provisional date is logged in district diary and organiser informed.

16 weeks pre event Pre-event site visit takes place with Organiser & FCS. Discussion topics required: Camping provisions,Evacuation Procedure,Events village/trade pitches, including licensing and plan, Health & Safety,Insurance Requirements,Intended routes including start and finish points, Marshalling points and communications,Medical provisions,Overall Event Management Plan, Promotions and notification, Route Branding Sites,Schedule (heavily/less heavily used areas

16 weeks pre event Section 11 Closure Orders (para. 5.8),Special facilities involving FCS work (para. 10.2), Signage, marking, diversions ,Spectator Management, Traffic/car parking management,Vehicle uplift and/or access requirements Waste management, including toilet requirements.

9 weeks pre event Event Organiser submits all paperwork for elements discussed and agreed during site visit, plus: Risk assessments

8 weeks pre event,- FCS responds with any queries on plans and paperwork

7 weeks pre event,-Event organiser responds to FCS queries

6 weeks pre event,-FCS provides two copies of a permission to the Organiser for his/her signature, a min of 6 weeks prior to the event, along with an invoice for the permit fee. **Once signed, no alterations can be made, unless formally agreed and signed-off by both parties.**The Organiser is required to sign the permission and return one copy along with the permit fee to the FCS. When this is received the event date will be finalised. Cancellation charges of £100 will apply from then.

0 – 2 weeks pre event Course marking and event village set up takes place by Event Organiser and any other additional facilities set up on site, as agreed with FD and subject to course availability.

Week of event,-Event takes place. Event Organiser reports any serious incidents/accidents to a Forest District representative as soon as possible (Schedule 3). The FD telephone & email details are listed in Schedule 2.

Timeline Post Event

Week 1 post event,-Organiser dismantles event village and restores areas to pre- event condition in accordance with timescale agreed at pre-event. Where FCS has constructed any temporary trail construction for an event, this will be removed by the Event Organiser. Event Organiser to send FCS reports on any accidents/incidents requiring on – or off-site medical attention (para. 4.1).Event Organiser to send record of final participant numbers to FCS with 2 working days of end of event

Week 2 post event,-Post-event site inspection between Event Organiser and FCS Event Organiser and FCS to set date for event de-brief, if desired If major issues have occurred during the event or event process evidence-based reports.

Week 8 post event,-Event Organiser settles invoice within 49 days of being invoiced

Signed and date
