Financial Support for Managing Urban Woodlands in Scotland

Sustainable Management of Forest – Public Access – Woods In and Around Towns

- Carrying out annual tree and path safety inspections
- Keeping access routes free of litter and tree debris
- Keeping paths and signs and recreational facilities up to an acceptable standard
- £100 per hectare per year for the first 10 hectares and then £10 per hectare per year for any additional areas
- Annual payments for up to a maximum of five years

Woods In and Around Towns – Urban Woodland Management Plan

- £1000 for eligible areas up to 10 hectares
- £25 per eligible hectare thereafter

How to get started?

1. Check your eligibility online
2. Contact your Forestry Commission Scotland Woodland Officer at your local Conservancy Office
3. Get your WIAT Urban Woodland Management Plan approved
4. Apply for the Sustainable Management of Forest and/or Woodland Improvement Grant – WIAT Options

For more information about the Forestry Grant Scheme and the WIAT options, visit www.forestry.gov.uk/scotlandgrants or call your local Forestry Commission Scotland Conservancy Office.
